Your House Shortlist – District 10 & Thủ Đức

Ho Chi Minh City · prepared 27 October 2026 · budget US$300,000 ≈ **7.70 tỷ VND** (Vietcombank buying rate 25,660 VND/USD) · land area > 50 m² · single-family house, alley OK

Summary

I reviewed 50 current ads (posted Jul–Oct 2026) on muaban.net, alonhadat.com.vn and batdongsan.com.vn in old District 10 and Thủ Đức. 21 passed the budget and size filter; a research agent checked each one's nearest market, supermarket, primary school, hospital, flooding and safety. The key finding: **District 10 is almost out of reach** – hẻm houses there average 155–220 million VND/m², so a 50 m² house costs 8–11 tỷ (US$310–430k). Only two D10 ads fit the budget, and both are priced so far below market that the title must be checked first. **Thủ Đức gives you a real, well-papered family home within budget.**

My recommendation

TD-14 · 131/46 Đường số 8, Linh Xuân
5.80 tỷ ≈ **US$226,033** · 53 m² land · Trệt + 2 lầu + sân thượng · 3/2 (146 m2 use) bed/WC · Car alley, 7 m road nearby · Sổ hồng (hoàn công to confirm) · posted 23/10/2026 · Open ad

Why this one
• **Highest overall score (20/25)** – the only house rated 4/5 on safety, livability, value *and* verification.
• **Real, checkable ad:** exact address (131/46 Đường số 8), sổ hồng stated, car alley with a 7 m road nearby – you can verify it at the ward office before viewing.
• **Fair price:** ~109 tr/m² for a 3-storey house with 146 m² of floor space; leaves ~US$74k headroom for taxes, notary and furniture.
• **Quiet, family area:** next to a football field and the Linh Xuân cultural centre; no flood reports found (unlike Tam Bình, Hiệp Bình and Chợ Thủ Đức streets).
• **Daily needs within 1 km:** Chợ Xuân Hiệp ~0.3-0.5 km; Bách Hóa Xanh nearby; GO! Dĩ An ~3 km; TH Linh Xuân / Xuân Hiệp ~0.5-1 km. Hospital: BV Đa khoa khu vực Thủ Đức ~2.5 km; BV ĐHQG ~4 km.

Watch-outs: confirm the hoàn công (completion certificate); the lot is shallow (11 m); it is the farthest option from District 10 (~45–60 min by car). If you need to be in District 10 daily, look at alternatives #1 and #2 below.

Top 10 alternatives

#	House	Price	Land	Score	Why consider it
1	**TD-11** Near Phạm Văn Đồng, old Linh Tây (now Thủ Đức ward) Open ad	5.50 tỷ $214k 96 tr/m²	57 m²	18/25	Cheapest well-papered 3-storey house: sổ hồng + full hoàn công confirmed, 57 m², 4 bedrooms, on the Phạm Văn Đồng artery (fastest drive to the centre), seller reports no flooding, new 1,000-bed hospital ~3 km. Confirm alley width / car access.

But ~96 tr/m² is 40-55% below D10 prices with no title shown - buy only if sổ hồng and planning check are clean.
3	**TD-09** Đường số 4, Tam Phú (now Tam Bình) Open ad	3.90 tỷ $152k 56 tr/m²	70 m²	17/25	Best land value: 70 m² with car to the door and sổ hồng for 3.9 tỷ, 1 km from Thủ Đức Hospital (Grade I). Old single-storey house - budget ~1.5-2 tỷ to rebuild; still within US$300k all-in. Confirm the ad is live.
4	**TD-02** Near Vạn Phúc City, riverside side of QL13, Hiệp Bình Phước Open ad	7.20 tỷ $281k 72 tr/m²	100 m²	17/25	Largest family home: 100 m², 3 storeys, private garage, next to upscale Vạn Phúc City, title stated, fair 72 tr/m². Ad marked expired - call to check it is unsold; low-lying riverside, check flooding.

#	House	Price	Land	Score	Why consider it
5	**TD-13** Off Đường số 8, Linh Đông phân lô (now Hiệp Bình) Open ad	6.80 tỷ $265k 131 tr/m²	52 m²	17/25	Well-documented (SHR, hoàn công, no setback) 3-storey house in a planned phân lô cluster with car alley, near GigaMall. Downside: premium 131 tr/m² and Linh Đông roads flooded in 2025.
6	**TD-18** Off Lã Xuân Oai, Tăng Nhơn Phú A (old Q9) Open ad	4.64 tỷ $181k 61 tr/m²	76 m²	15/25	Big 76 m² lot for 4.64 tỷ in established old District 9 with a 500-bed hospital 2.5 km away. Needs rebuild; Lã Xuân Oai is a known flood street; 40-50 min to District 10.
7	**TD-04** QL13 alley, 2 mặt hẻm, Hiệp Bình Phước Open ad	6.80 tỷ $265k 81 tr/m²	84 m²	14/25	84 m², 3 storeys, alleys front and back for light and air, fair 81 tr/m². Verify title and how close it is to the QL13 widening (works to 2028) and tidal flooding.
8	**TD-16** Đường số 5, Linh Trung (now Linh Xuân) near Hoàng Diệu 2 Open ad	5.05 tỷ $197k 85 tr/m²	59.1 m²	14/25	59 m² with a wide 5.5 m frontage at a fair 85 tr/m², 1-1.5 km from the regional Thủ Đức hospital. Floors, title and alley unknown (only on batdongsan) - phone first.
9	**TD-12** Off Đặng Văn Bi, 1 lot from Đường số 9, Linh Chiểu Open ad	4.70 tỷ $183k 90 tr/m²	52 m²	14/25	Cheap entry (4.7 tỷ) in central Linh Chiểu by Chợ Thủ Đức, Vincom and Metro Line 1. Old house, vague papers, area may be 48 m² not 52, and the Chợ Thủ Đức zone floods.
10	**TD-07** Đường số 10 frontage, Hiệp Bình (old Hiệp Bình Chánh) Open ad	5.62 tỷ $219k 109 tr/m²	51.6 m²	14/25	4-storey street-frontage house near Hiệp Bình market and GigaMall for 5.62 tỷ. Six bedrooms suggests a rental layout; legal status unconfirmed; dense, busy area.

Score = Safety + Livability + Value + 2 × Verification (each 1–5, max 25). Verification counts double because unverified cheap listings are the main risk in this market.

Ads to avoid

TD-10	136 m² for 3.3 tỷ (~24 tr/m², a third of market) with no title mentioned - classic vi bằng / shared-title / farmland bait.
TD-17	7 bedrooms / 7 WC = rooming house, priced far below the Vincom area - likely title or planning problem.

D10-2	'5xxx' teaser price, far below comparables, and the ad has disappeared from the site index.
TD-06	Same house as TD-05 reposted with a different area (56 vs 60 m²) - ask for the title area.
TD-01 / TD-03 / TD-05	Priced 118-131 tr/m² right on QL13, which is being widened to 60 m (1,091 households affected); flood-prone.
TD-19	Above Long Bình average, far from full hospitals, 50-70 min to District 10.

Before you pay any deposit

- Ask for a photo of the **sổ hồng** and check the owner name, land area and plot number match the ad. Avoid 'vi bằng', 'sổ chung' or handwritten papers.
- Request a **planning certificate (thông tin quy hoạch)** from the ward or check the city planning map – important on QL13 (widening to 60 m), near Ring Road 2 (Tô Ngọc Vân / Tam Bình) and any 'lộ giới' setback.
- Check the **hoàn công** (completion certificate) – floors built without it are not on the title and hurt resale and bank loans.
- Visit in **heavy rain or at high tide** (Sep–Nov) to see flooding; ask neighbours.
- Pay through a bank, sign at a notary office, and confirm the property has no existing mortgage. Budget ~1–2% of price for taxes and fees.
- Note: ward names changed on 1 July 2025 – the title may show the old ward (e.g., Linh Xuân, Hiệp Bình Phước, Phường 10).

- **muaban.net** – Large classifieds site with ward-level pages and daily updates; main source for this shortlist.
- **alonhadat.com.vn** – Long-running classifieds; shows new and old ward names and average price per m2 by ward.

- **mogi.vn** – Sister site of muaban.net; useful price-per-m2 maps (mogi.vn/gia-nha-dat).
- **nhadat24h.net** – Smaller portal; useful cross-check for District 10.
- **bds123.vn / i-batdongsan.com / 123nhadatviet.com** – Secondary aggregators; same houses often reposted, good for spotting duplicates.
