Your House Shortlist – Quận 3

Ho Chi Minh City · prepared 27 October 2026 · budget US$300,000 ≈ **7.70 tỷ VND** (Vietcombank buying rate 25,660 VND/USD) · land area > 50 m² · single-family, ≥ 3 bedrooms, alley OK, car access preferred

Summary

I reviewed 43 current ads (posted Sep–Oct 2026) on muaban.net, bds68.com.vn, alonhadat.com.vn and dinhgianha.vn in Quận 3 and the wards on its border. **Quận 3 is the hardest district for this budget**: alley houses average about 226 million VND/m² (alonhadat), so 50 m² costs ~11 tỷ (US$440k). Inside Quận 3 I found only one well-papered house that meets every criterion; two good ones are slightly over budget and two cheap ones look like bait. So the shortlist also includes houses 1–4 km away in Phú Nhuận, Tân Bình and District 10, where the same money buys more and safer paperwork. A research agent checked each house's market, supermarket, primary school, hospital, flooding and safety.

My recommendation

Q3-E · Hẻm 491 Lê Văn Sỹ, Nhiêu Lộc ward (old Quận 3, bordering Phú Nhuận)
7.50 tỷ ≈ **US$292,284** · 56 m² land · 3 tầng BTCT + sân thượng · 5/4 bed/WC · 3 m through-alley; car road ~50 m · Sổ hồng, hoàn công đầy đủ · posted 27/10/2026 · Open ad

Why this one
• **The only fully qualifying house inside Quận 3**: 56 m² land, 5 bedrooms, under budget at 7.5 tỷ (~US$292k).
• **Clean paperwork stated:** pink book and full completion certificate (hoàn công) – the main risk in this market.
• **Excellent location:** Chợ Nguyễn Văn Trỗi 500 m, Co.opmart Nhiêu Lộc 700 m, District 3 and Phú Nhuận hospitals ~1 km; 3-storey concrete house with roof terrace.
• **Score 20/25** – rated 4/5 on safety, livability, value and verification.
• **Daily needs:** Chợ Nguyễn Văn Trỗi (209 Lê Văn Sỹ) ~0.5 km - lively 40-year market; Co.opmart Nhiêu Lộc (974 Trường Sa) ~0.7 km; Public primary in Nhiêu Lộc ward ~1 km (name to confirm). Hospital: BV Quận 3 ~1 km; BV Phú Nhuận ~1.2 km.

Watch-outs: the frontage is only 2.8 m (widening to 3.6 m), the 3 m alley means cars park ~50 m away, and the price per m² on the ad doesn't match (124 vs 134 tr/m²). If car access matters most, see TB-1 or PN-1; for the best value, PN-2.

Price far below market and no title shown – verify first.
5	**TB-2** Hẻm CMT8 beside Cư xá Bắc Hải, Tân Hòa (old P6 Tân Bình) Open ad	6.25 tỷ $244k 121 tr/m²	51.7 m²	17/25	6 m-wide, 3-storey, 3-bedroom house beside the quiet Cư xá Bắc Hải for 6.25 tỷ, pink book. No car access; two entrances – check it is one plot. Metro works on CMT8 until ~2030.
6	**TB-1** Hẻm CMT8, Tân Sơn Nhất (old P7 Tân Bình), bordering District 10 Open ad	7.45 tỷ $290k 89 tr/m²	84 m²	16/25	Biggest house: 84 m², 5 bedrooms, car to the door with parking yard, 7.45 tỷ, 1.5 km from Thống Nhất Hospital. Priced well below the CMT8 range with inconsistent floor count – verify.
7	**PN-3** Trần Hữu Trang, Phú Nhuận Open ad	7.60 tỷ $296k 127 tr/m²	60 m²	15/25	60–70 m², 3 bedrooms, pink book from the owner, 300 m from Chợ Trần Hữu Trang, 7.6 tỷ. Motorbike-only alley and area figures don't match.
8	**Q3-A** Nguyễn Thiện Thuật near Chợ Bàn Cờ, Bàn Cờ (old P3) Open ad	6.80 tỷ $265k 117 tr/m²	58 m²	14/25	4 bedrooms beside Chợ Bàn Cờ, 400 m to a top Quận 3 school, 6.8 tỷ. Half the Quận 3 price with an area mismatch and bait-style wording – treat as suspect.
9	**Q3-D** Lê Văn Sỹ, 7 m asphalt alley, Nhiêu Lộc (old P13) Open ad	8.00 tỷ $312k 73 tr/m²	110 m²	14/25	110 m² on a 7 m alley off Lê Văn Sỹ for 8 tỷ (0.3 tỷ over). Old single-storey house; price is a third of the area average – check planning and title before visiting.
10	**PN-5** Hẻm Nguyễn Kiệm, Đức Nhuận ward Open ad	6.60 tỷ $257k 94 tr/m²	70 m²	13/25	Largest cheap plot (70 m², 6.6 tỷ) but 2 m alley, rooming layout and Nguyễn Kiệm flooding.

Score = Safety + Livability + Value + 2 × Verification (each 1–5, max 25). Verification counts double because unverified cheap listings are the main risk in this market.

Ads to avoid

Q3-B	Hẻm 62 Lý Chính Thắng: 60 m² for 4.9 tỷ while a 31 m² house in the same alley asks 7 tỷ – implausible, likely shared title or bait.
Duplicates	Q3-C appears under 4 different ads (3 brokers); TB-2 appears twice. Deal with one broker or ask for the owner directly.
Hẻm 766 CMT8	Search title said 60 m², the ad shows 46 m² – an example of area inflation in titles.

Before you pay any deposit

- Ask for a photo of the **sổ hồng** and check the owner name, land area and plot number match the ad. Avoid 'vi bằng', 'sổ chung' or handwritten papers.
- Request a **planning certificate (thông tin quy hoạch)** from the ward or check the city planning map – especially for any 'lộ giới' (road-widening) setback and for houses near Metro Line 2 on Cách Mạng Tháng 8.
- Check the **hoàn công** (completion certificate) – floors built without it are not on the title and hurt resale and bank loans.
- Visit in **heavy rain** (Sep–Nov) to see flooding, especially canal-side streets (Rạch Bùng Binh, Trường Sa) and Nguyễn Kiệm; ask neighbours.
- Pay through a bank, sign at a notary office, and confirm the property has no existing mortgage. Budget ~1–2% of price for taxes and fees.
- Note: ward names changed on 1 July 2025 – the title may show the old ward (e.g., Phường 9 Quận 3 → Nhiêu Lộc; Phường 13 Phú Nhuận).
